### III. DIFFICULTIES/PROBLEMS ENCOUNTERED AND SOLUTION

1. Recruitment of Christian Foster families for children who needs individualized love, care and attention. With this, we have invited some Licensed Foster families during foster care forum to share their testimonies or positive experiences in parenting a non-related child.
2. The Drop-in center, Quaipo was not able to serve its target number of regular children of 20 to 25 per day due to reduced street children in our community. Most of the time, they only cater 5 or 10 children with 4 staff and big facility. Hence, we closed the facility to stop paying the rental and transferred the center or program in the OBFI main facility and continue to accommodate these children.

### IV. SIGNIFICANT CHANGES IN THE AGENCY

1. Due to the pandemic, our program operations were suspended. However, to continue to reach-out the children under various programs, OBFI continues to provide feeding program for the children and their families in our communities in Quiapo and Tondo. Also, every other week, the children continuous to receive worksheets, devotional materials, and reflection for their parents.
2. The Drop-in center in Quaipo was closed, while Advocacy and outreach program is temporary stopped due to pandemic. The program staff has been assigned in Educational Assistance program and Resource Development and Communication Unit.
3. Resource Development Unit is being strengthened to promote and raise local donors and donations for sustainable operations.
